U.S. Application No.: 10/595,076 Attorney Docket No.: 05558.0036.PCUS00

IN THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application.

Complete Listing of Claims:

- (Currently amended) A method for the treatment of Multiple System Atrophy (MSA) comprising administering to a person with MSA an effective amount of a substance selected from the group consisting of:
 - (a) human growth hormone;
 - (b) a variant of (a) which has at least 70% sequence identity thereto and which has agonistic activity on the hGH receptor;
 - (c) a salt of any of (a) to (b); and
 - (d) human growth hormone releasing hormone (hGHRH);
 - (e) a variant of (e) which has at least 95% sequence identity thereto and which has agonistic activity on the hGHRH receptor:
 - (f) a salt of any of (e) to (f); and
 - (g) combinations thereof.
 - (Canceled).
 - 3. (Canceled).
 - 4. (Canceled).
- (Previously presented) The method of claim 1, wherein the substance is a naturally-occurring human growth hormone.
- (Previously presented) The method of claim 1, wherein the substance is recombinant human growth hormone.
 - (Canceled).

 (Previously presented) The method of claim 1, wherein the variant comprises amino acids 177 to 191 of hGH.

- (Previously presented) The method of claim 1, wherein the variant is methionyl human growth hormone.
- (Previously presented) The method of claim 1, wherein the variant is lacking the
 amino acid residues from Glu32 to Glu46 of hGH.
- (Previously presented) The method of claim 1, wherein the variant is lacking the first eight amino acid residues at the N-terminus of hGH.
- (Previously presented) The method of claim 1, wherein the variant is lacking the first 13 amino acid residues at the N-terminus of hGH.
- 13. (Previously presented) The method of claim 1, wherein the substance comprises a dimer of human growth hormone selected from the group consisting of a disulfide dimer connected through interchain disulfide bonds, a covalent irreversible non-disulfide dimer, a non-covalent dimer, and mixtures thereof.
- (Previously presented) The method of claim 1, wherein the substance is chemically derivatized.
- 15. (Previously presented) The method of claim 14, wherein the derivative is selected from the group consisting of:
 - (a) the substance is acetylated at the N-terminus:
 - (b) the substance is deaminated;
 - (c) the substance is sulfoxidized at one or more methionine residues; and
 - the substance is derivatized at one or more amino acid side chains with a polyethylene glycol (PEG) moiety.
 - (Canceled).
 - 17. (Canceled).

- 18. (Previously presented) The method of claim 1, wherein the substance is administered at a dosage selected from the group consisting of:
 - (a) about 0.1 to 10 mg per person per day;
 - (b) about 0.5 to 6 mg per person per day;
 - (c) about 1 mg per person per day;
 - (d) a dosage administered daily;
 - (e) a dosage administered every other day;
 - alternating daily dosages, wherein the first dosage is higher than the second dosage;
 - (g) alternating daily dosages, wherein the first dosage is about 1 mg per person and the second dosage is about 0.5 mg per person;
 - (h) about 6 mg per person;
 - (i) about 5 mg per person; and
 - (j) about 4.5 mg per person.
 - 19. (Canceled).
 - 20. (Canceled).
 - 21. (Canceled).
 - 22. (Canceled).
 - 23. (Canceled).
 - 24. (Canceled).
- 25. (Previously Presented) The method of claim 14, wherein the substance is derivatized at one or more side chains of amino acid residues.
 - 26. (Canceled).
 - (Canceled).
 - 28. (Canceled)

U.S. Application No.: 10/595,076 Attorney Docket No.: 05558.0036.PCUS00

- 29. (Canceled)
- (Canceled)
- 31. (Canceled).
- 32. (Canceled).
- 33. (Previously presented) The method of claim 1, wherein the substance is administered in a manner selected from the group consisting of:
 - (a) the substance is administered subcutaneously;
 - (b) the substance is administered intramuscularly; and
 - (c) the substance is administered with an auto-injector.
 - 34. (Canceled).
 - 35. (Canceled).
 - 36. (Canceled)
 - 37. (Canceled)
 - 38. (Canceled)
 - 39. (Canceled)
